Education

Eulogio "Amang" Rodriguez Institute of Science and Technology Manila, Philippines
Bachelor of Science in Computer Science 2021 – 2025

The National Teachers College Manila, Philippines
Senior High School – ICT Strand 2018 – 2020

Experience

Nexvision Innovations Inc. BGC, Philippines
Full-Stack Software Developer Sep 2025 – Present

- Led development of responsive web applications using React, TypeScript, and Tailwind CSS
- Hands-on experienced working with real client requirements and deployment environments
- Code reviewed and mentored junior developers to improve delivery speed and code quality.
- Supported WordPress initiatives via custom theme development and feature enhancements

Alpha Premier Group of Companies OPC Ortigas, Philippines
Junior Full-Stack Developer Intern Mar 2025 – Jun 2025

- Developed and maintained client websites using HTML, CSS, JavaScript, PHP, and MySQL.
- Implemented backend features for forms, validation, and database integration.
- Resolved bugs and delivered basic performance optimizations to improve stability and UX.
- Implemented CRUD and server-side processing for internal tools and dynamic content.

Projects

EARIST Cavite 3D Campus Guide (Owned) Unity3D / C# / Google Cloud APIs

- Built an interactive 3D campus navigation system with A* shortest-path routing and ray-cast obstacle detection
- Integrated voice assistance (speech-to-text, text-to-speech) to improve accessibility and guidance
- Implemented Natural Language Processing with 1500+ phrase patterns for location detection

**Personal Money Management System
(Owned)**

React.js / Node.js / Supabase

- Developed a full-stack finance tracker for savings, income/expense logging, and transaction history
- Implemented admin dashboard foundations and planned migration path toward Supabase scalability

**BeautyConnect – Booking & Order
Platform (Beauty Industry)
(Contributed)**

WordPress / Vanilla / PHP

- Delivered a custom WordPress booking flow with structured multi-field intake and admin-side processing
- Implemented theme-level customization using PHP, JavaScript, and Bootstrap for maintainable UI delivery

**Elevate Results Training & Consulting
Website
(Contributed)**

WordPress / Elementor / WooCommerce

- Built a conversion-focused business website with responsive sections and WooCommerce integration
- Integrated PayMongo payment flow to support program enrollment and checkout operations

**Blood and Thorn of Maze – Piercing Studio
Website
(Owned)**

React.js / Node.js / MongoDB

- Implemented responsive UI components, navigation, and galleries with React Router for multi-page UX

**UNA Finance Website
(Contributed)**

WordPress / Elementor

- Supported backend/CMS configuration for a content-led microfinance corporate website

**SaveSocial.app
(Contributed)**

Vanilla / PHP / Apache

- Implemented server-side request handling and media processing workflows for URL-based downloads

Alpha Premier Group Website

Vanilla / PHP / MySQL

(Contributed)

- Implemented server-side request handling and media processing workflows for URL-based downloads

Leadership & Activities**Capstone Project — EARIST Cavite**

Cavite, Philippines

Lead Developer

- Owned system architecture, algorithm implementation, and technical integration for the 3D campus navigation capstone

Skills & Interests

Technical: JavaScript, TypeScript, React.js, Vite, React Native, HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI; Node.js, Express.js, PHP, MySQL, MongoDB, Supabase; WordPress, Elementor; Unity3D, REST APIs, Git, Vercel, Netlify, Figma, Blender, aaPanel, GreenGeeks, Python, C#, Google Cloud APIs

Language: English (Professional), Filipino (Native)

Interests: System design, UI/UX optimization, performance engineering, interactive applications, scalable web platforms, Machine Learning, AI
